A Researcher-Practitioner Partnership: Vermont's Universal Prekindergarten System. Actionable Evidence Initiative Case Study, September 2021

This case study highlights a researcher-practitioner partnership aimed at informing state policy decisions through actionable research evidence based on a collaborative research process. The primary goal of the partnership is to inform Vermont policymakers as they deliberate on Act 166, the state’s universal prekindergarten (preK) legislation.

Testimony with regard to BBF’s role in supporting the success of children, families and the early childhood service system including a brief overview of BBF’s role and infrastructure, and an outline of BBF’s role in providing evidence and data to inform policy specifically around Universal Prekindergarten Education (UPK).

Characteristics of Approved Universal Prekindergarten Programs in Vermont in 2018/19 - Education Development Center, January 2021

This study examined the characteristics of approved preK programs overall, public school and private programs separately, and programs in local education agencies with different population sizes and poverty levels.

Enrollment rates of children in universal prekindergarten programs in Vermont in 2016/17 - Education Development Center, January 2020

This study describes the characteristics of children enrolled in universal preK programs in 2016/17, which was the first year of full implementation of universal preK in Vermont.

Building Bright Futures’ Information Gathering Effort on Universal Prekindergarten Education Testimony on the findings of Building Bright Futures’ information gathering effort on Universal Prekindergarten (UPK) January 2020 | BBF’s Universal Prekindergarten (UPK) Webinar February 2020

The purpose of this information gathering effort was to utilize BBF’s statewide and regional networks to ask those directly impacted by Act 166 to identify perceptions of success, where and why it’s been successful and to share best practices, also outline persistent barriers to successful UPK administration and implementation.

Prekindergarten Education Study: Final Report - Vermont Agency of Education, July 2019

The purpose of the PreK study, as dictated by Act 11, section E.500.7, is to provide Vermont with information regarding how to more effectively and efficiently provide PreK education.

Includes an overview of Act 166, a definition of UPK, reports, and recent guidance and news.

Statewide Rate for Pre-K Tuition and Determination of the Statewide Rate for Pre-K Tuition

Vermont Early Learning Standards (VELS)

The Vermont Early Learning Standards (VELS) help inform families about the development and capabilities of children from birth through grade 3 and guide educators in the development and selection of program-wide curriculum and educational strategies for children from birth through grade 3. These standards are central to the shared vision of what we want for young children in Vermont and highlight the importance of high quality early childhood experiences as the foundation for school success and lifelong learning. Plainly said, early experiences matter.
